I have a BARCTRANSFERhold!

Eval. Notes: 05/04/2026

BEHAVIOR NOTE: Saint is wiggly at the front of the kennel door. Easy to leash and I offered a plushy to him to prevent being mouthy. He did not want it so I carried it as we walked outside to the runs. I used my treats and he was following the treat trail. Once placed in the run he remained wiggly with a fast wagging tail. Once I came back for him and leashed him up I offered him his plushy and he was interested in this time. He would bite on it and place it down so I began to kick it as we walked and he would follow the toy keeping him distracted. Walked back to kennel and he played with his plushy .

Eval. Notes: 04/08/2026

INTAKE: trashing on leash, does not walk had to carry.
