

The seal of the City of Houston, Texas, is a circular emblem. It features a central five-pointed star above a steam locomotive. Below the locomotive is a plow. The words "CITY OF HOUSTON" are arched across the top, and "TEXAS" is arched across the bottom. The entire seal is rendered in a light gray, semi-transparent style.

INFORMATION TECHNOLOGY

Information Technology

The CIP for Information Technology (IT) outlines significant initiatives and investments in information technology applications, services, infrastructure, and security. It recognizes that investments may occur in one or across several years and are comprised of both enterprise and individual department projects. Similar to physical structure capital projects, IT capital projects experience a lifecycle of design, construct, test, and implement.

Houston Information Technology Services (HITS) is the City's central IT department which provides a broad array of enterprise services and leads the City's IT governance processes, including the collaborative process to prioritize the City's IT investments, manage risks, develop standards, and optimize service delivery. HITS' vision is to be a catalyst for the transformation of Houston into a digital city for all, and its mission is to provide solutions that serve, protect, and enlighten our citizens.

Highlights of the Fiscal Year 2026-2030 CIP include:

- **Administration and Regulatory Affairs** –311 updates
- **Houston Fire** – Mobile Data Computers
- **Houston IT Services** – Citywide PC Replacement, Data Center Upgrades, Network Refreshes, Enterprise Resource Planning System Upgrade
- **Houston Police** – Radio Tower, CJIS Compliance Infrastructure, DR Cloud Infrastructure.
- **Houston Public Library** – Public Facing Computers, Digitization Lab Equipment and Integrated Library System Refresh
- **Human Resources** – Learning & Performance System upgrades
- **Municipal Courts** – Jury Management System upgrades
