Dear Interim Director Sims,

Please accept this as my letter of support for the two painted traffic control boxes in Westbury. The Westbury Super Neighborhood has proposed a mini mural on the approach to the new city of Houston Doctor Shannon Walker library at the intersection of Burdine and Chimney Rock. This project will add public art to the area, draw attention to the library, and honor Westbury High School graduate and astronaut Doctor Shannon Walker who recently commanded the International Space Station. The second art project is to repaint the original mini mural traffic signal box at the corner of Willowbend and West Bellfort as it has faded.

Thank you for your consideration.

Sincerely,

A handwritten signature in blue ink that reads "Sallie Alcorn".
