The Honorable Congressman Al Green  
2347 Rayburn House Office Building  
Washington, DC 20515

Dear Congressman Green,

RE: Letter of Support for Congressional Appropriation Proposal Strengthening Neighborhoods and Building Trust within Houston's Homeless Communities

I support the City of Houston's application for Community Project Funding of the Strengthening Neighborhoods and Building Trust within Houston's Homeless Communities Program. With this funding the Houston Police Department seeks to provide resources and assistance to Houston's unhoused residents while addressing problems of substance abuse amongst the large, unhoused population.

This project will address public safety with the use of outreach programs facilitated by the city's various community health districts. Activities will be focused into four different categories including prevention, intervention, interruption, and treatment.

Thank you for your consideration,
