RE: Cullen Park Path Segment 2 "Places 4 People" Application

Dear Commissioner Briones,

I am in support of the Cullen Park Path Segment 2 project. The project will complete the sidewalk to Saums and provide a bike route with connections at West Park View and Saums and South Park View and Barker.

In conjunction with the construction of Segment 1 by the City of Houston under TxDOT's Highway Safety Improvement Program (HSIP), this project will complete a high-comfort connection for pedestrians and cyclists between Cullen Park and George Bush Park. Students living south of Saums will have a complete sidewalk to reach schools at the Katy ISD Mayde Creek campus. Residents north of I-10 will gain access to over 28 miles of connected trails, running from Beltway 8 west to Mason Road. Activities already underway in adjacent Precinct 4, such as the sidewalk along Saums to the West Park Preserve, will serve to connect more area residents to schools, businesses, parks and trails for transportation and recreation.

Sincerely,
