Honorable Congressman Al Green  
9th District  
United States House of Representatives  
3003 South Loop West, Suite 460  
Houston, Texas 77054

Congressman Green,

I support the Harris County Constable Precinct 7 appropriations grant application to combat Human Trafficking.

Precinct 7 is an underprivileged and underserved community in Harris County, located in the inner-city urban area of the 9th Congressional District. Human trafficking is a pervasive issue that disproportionately affects vulnerable populations, and the crisis has significantly impacted the community. The grant program is a holistic approach focused on advocacy, outreach, education, investigations, and enforcement.

The men and women of Precinct 7, under the leadership of Constable James Phillips, are on the frontlines of this crisis, working tirelessly to identify, rescue, support victims, and hold traffickers accountable. The requested grant funding would significantly enhance the capacity of Precinct 7 to combat human trafficking through the development of specialized units, advanced training for officers, community outreach, and strategic partnerships with advocacy organizations. The grant would also allow for improved data collection and intelligence-sharing, all are essential to dismantling trafficking networks.

I wholeheartedly support this grant application to address this pervasive issue in Houston's inner-city.

Sincerely,
