After due consideration, the HAHC shall determine whether to recommend the designation, provided, however, that if the HAHC does not act with respect to an application for designation within 60 days of the public hearing before the HAHC on the designation, the HAHC shall be deemed to have recommended the designation. If the notice address for the owner as shown on the most current appraisal district records does not coincide with the street address of the property, then the director shall also send a notice addressed occupant to the street address for the proposed landmark or archaeological site. The director shall also publish notice of the public hearing in a newspaper of general circulation in the city not less than 30 days before the date of the public hearing.

(b) The director shall provide notice of a public hearing on the designation of a landmark or archaeological site by letter, first class mail, postage paid, by facsimile transmission or by electronic mail no later than the fifth day before the date of the public hearing to:

The signs shall conform to specifications prescribed by the director.
- (d) Written notice that is given by mail shall be deemed given when it is deposited in the United States mail, properly addressed, postage paid. The affidavit of a person who has knowledge of the fact that notice was mailed constitutes prima facie evidence that notice has been given as required by this section.

The director shall not recommend the change in classification of a building, structure, object, or site that has deteriorated due to any action or negligence of the owner. The director shall present the findings at a regularly scheduled meeting of the HAHC after giving notice to the property owner of the proposed change not later than 15 days before the meeting. The HAHC shall either disapprove the director's recommended change, or approve the change and refer the change to city council for approval.~~

~~(bd) Nothing herein shall be construed to require the city council to follow all of the procedures used in the designation if the amendment is solely for the purpose of correcting minor technical errors, including, but not limited to, errors in property descriptions, that are necessary to implement the intent of the city council with respect to the designation.~~

~~(e) Notwithstanding the foregoing, the city council may establish by ordinance a temporary process to allow for reconsideration of the designations of historic districts made or proposed prior to June 9, 2010 in connection with the adoption of amendments to this article.~~

An exemption granted under this section shall be effective as of January 1 of the year following demonstration of completion of the restoration or preservation work and demonstration of the making of the qualifying expenditures to the director of finance. If sufficient restoration work on a designated historic site has not been completed to satisfy either subdivision one or two of subsection (e) above within five years of the passage of a historic site tax exemption ordinance, then said ordinance shall expire. In the case of a condominium or other multi-family residential building, the second transfer of an ownership interest or a portion of an ownership interest in an individual unit shall cause the termination of the exemption pertaining to that particular unit. As used in this section, a "transfer" of an ownership interest or portion of an ownership interest shall not include such transfers as a lease, a mortgage, a transfer by inheritance, a creation of a trust for the benefit of the owner, or other transaction not ordinarily regarded as a "sale" of property.~~

(j) Recordation. A person who has an ownership interest in property that has been granted a historic site exemption from ad valorem taxation shall record a copy of the ordinance providing for such exemption in the form prescribed by the city attorney in the real property records of the county in which the property is located. Failure on the part of the applicant to deliver a copy of such recorded ordinance, showing the date of recordation in the appropriate real property records, to the director of finance within 90 days of the date of passage of the ordinance providing for a tax exemption shall cause the expiration of the exemption at the end of such 90-day period.

~~(f) The director of finance shall conduct an annual review of each property granted an exemption hereunder, and, if he finds that any city taxes assessed on the subject property are delinquent, the historic site has deteriorated, has been demolished or destroyed, or has been the subject of a certificate of appropriateness issued pursuant to sections 33-247 or 33-250 of this Code, then the changed condition shall constitute grounds for revocation of the exemption.~~

(gk) Recapture. Tax receipts and tax certificates issued for any historic site receiving tax relief pursuant to this section shall be clearly marked: "Historic site---Subject to recapture of additional taxes under Code of Ordinances." Each year during which the property is granted tax relief, the director of finance shall note on his records the valuation which would have been made and the taxes that would have been due had the historic site not qualified for tax relief under this section. If the historic site is subsequently damaged, demolished, or destroyed, or if a certificate of appropriateness is issued for the historic site pursuant to sections 33-247 or 33-250 of this Code the tax exemption is revoked under this section, then the property shall be subject to a recapture of taxes and subject to penalties and interest calculated under pertinent provisions of the Texas Tax Code. The additional tax shall be equal to the total amount of tax relief granted under this section over the life of the structure, difference between taxes paid or payable hereunder and the amount of the tax payable for the preceding fifteen years had the property not been granted tax relief. Such additional taxes shall be deposited in a segregated account, the use of which shall be established by city council by a subsequent ordinance the Historic Preservation Fund. Until paid, there shall be a lien for additional taxes, penalty, and interest on the property granted tax relief under the provisions of this section. An obligation to pay recaptured taxes is extinguished by operation of force majeure. Force Majeure means: fires, floods, hurricanes, tornadoes, ice storms and other natural disasters, explosions, war, terrorist acts, riots, and the acts of superior governmental or military authority, and which the affected party is unable to prevent by the exercise of reasonable diligence. The term does not include any changes in general economic conditions such as inflation, interest rates, economic downturn or other factors of general application, bankruptcy or an event that merely makes performance more difficult, expensive or impractical.

(hl) A historic site for which an exemption has expired or has been withdrawn, revoked, or terminated may not requalify for a tax exemption under this section. Only one tax exemption at a time under this section may apply to a property hereunder except as allowed under subsection (d).

~~(i) It is the policy of the city to facilitate the issuance of building permits for work to be performed under this section. Consistent with the terms of the Construction Code, the building official shall work~~

~~with persons who are performing preservation and restoration work to allow alternative methods of construction and alternative materials that are determined to be suitable under the provisions of the Construction Code and shall waive strict conformance with the Construction Code as authorized by Section 3406.1 of the Building Code.~~

(jm) Notwithstanding any other provision of this code, a structure that has been designated as a landmark or as a contributing structure ~~or a potentially contributing structure~~ in a historic district pursuant to ~~article VI of chapter 33 of this Code~~ the Historic Preservation Ordinance and that is owned by the State of Texas or a political subdivision thereof is entitled to an exemption equal to 100 percent of the assessed value of the historic structure and the land necessary for access and use of such structure. If an application for an exemption pursuant to this subsection is granted prior to the adoption of the ad valorem tax rate for the tax year in which the application is granted, the exemption shall be effective as of January 1 of that tax year. If such an application is granted after the adoption of the ad valorem tax rate for the tax year in which the application is granted, the exemption shall be effective as of January 1 of the tax year following the date the application was granted. An exemption granted pursuant to this subsection shall remain effective until the property is sold. ~~The director of finance and administration shall conduct an annual review of each property granted an exemption pursuant to this subsection, and if he finds that a historic site has deteriorated or has been demolished or destroyed, then such changed condition shall constitute grounds for revocation of the exemption.~~

Amend Section 10-374 to read as follows:

(b) If a dwelling is in violation of this division, the neighborhood protection official shall schedule a public hearing to present evidence of the violation and to request any relief authorized by this article. The hearing shall be scheduled before the commission unless the commission is unable to conduct the hearing on a date and at a time reasonably necessary to protect the health and safety of any occupants of the property or of the public in general, in which case the hearing shall be scheduled before the hearing officer.

~~(c) Neither the building official or the neighborhood protection official shall schedule a public hearing before the hearing officer or the commission to request any relief authorized by this article that involves the demolition of a landmark, protected landmark, archaeological site, or a building, structure, or object in a historic district, as those terms are defined in article VII of chapter 33 of this Code, without first obtaining a certificate of appropriateness as required by article VII of chapter 33 of this Code.~~
