FY18 Civic Art Activity Report

Introduction

The Mayor’s Office of Cultural Affairs (MOCA) advances the Mayor’s cultural priorities through the City’s programs, partnerships and communications. It is the point of contact for many of the City’s cultural strategies and implements the City’s Arts and Cultural Plan and its vision to foster an environment in which art and culture flourish for the sharing and benefit of all residents and visitors. MOCA oversees contracts for grants, cultural services and the City’s Civic Art Program and highlights the local artist workforce through exhibitions in historic City Hall. MOCA also facilitates temporary art, art donations to the City Collection, community murals and special projects.

This annual report sets out the prior year’s Civic Art Program activities and financial report. Budgets referenced in the project summaries are for the entire term of the project and likely encompass more than one year.

The Civic Art Program is just one way the City invests in the cultural development of our community. Find out more about MOCA programs and activities at www.houstontx.gov/culturalaffairs, on YouTube channel [HoustonMOCA](https://www.youtube.com/channel/HoustonMOCA) and by following @HoustonMOCA on [Facebook](#) and [Instagram](#) for the latest news and information.

Civic Art Program – Fiscal Year 2018 Activity Report

The Civic Art Program is part of the City’s capital asset investments and produces permanent visual artworks.

The City’s Civic Art Ordinance appropriates 1.75 percent of design and construction costs on qualifying City Capital Improvement Plan (CIP) projects. The CIP is an annually updated five-year plan addressing the infrastructure needs of the City of Houston. Civic Art projects are generated through the CIP by nearly every City department, typically as part of the construction of new facilities and major expansion. The Civic Art appropriation is an amount equal to 1.75 percent of the amount appropriated by City Council for an eligible project and only applies to capital projects where funds are appropriated by City Council.

Civic Art Projects include paintings, murals, prints, drawings, photographs, videos, films, decorations, stained glass, statues, sculptures, monuments, fountains, arches or other structures of permanent character located on City property. Civic Art funds may also be used to restore existing art and cannot be used for routine cleaning and maintenance.

Fiscal Year 2018 yielded a total of 50 projects which include commissioned artworks, conservation of artworks some works surrounding the existing collection. Project management was carried out under contract by Houston Arts Alliance (HAA).
