

Public Notice

The City of Houston's (City) Housing and Community Development Department (HCDD) proposes an ordinance to adopt Public Facilities guidelines for the Community Development Block Grant Disaster Recovery 2024 (CDBG-DR24) Power Generation Resilience Program (Program). The Program will strengthen critical public facilities by improving infrastructure resilience, including reinforcing backup power at shelters, water and wastewater systems, emergency services, and other essential facilities to ensure continued operation during future emergencies.

The proposed guidelines define program implementation and establish the standards and procedures HCDD will use to guide, track, and monitor all activities.
